

Mink Somers Lake Improvement District  
Annual Meeting  
Saturday August 7  
8:20 am—10:30 am  
Corinna Township Hall

Agenda:

**Review of 2021**

- Member survey
- Point Intercept Survey
- Second spraying of navigational channels
- Sonar mapping on the lake for aquatic vegetation
- Outlet/Lakeshore Restoration
- Feedlot/property testing
- Limestone filter update

**New Business**

2022 Budget

Renewal/Increase of levy

Value	\$25,000 levy	\$30,000 levy
200,000	\$26/year	\$54/year
300,000	\$44/year	\$88/year
400,000	\$60/year	\$120/year

*These estimates were all calculated using a homestead classification. Seasonal homes would have the same increase, and residential non-homestead would have a slightly higher increase, probably just a few collars. (Information provided by Wright County Finance and Taxpayer Services)*

Culvert and drain tile testing to discover what is coming into the lakes.

Continued monitoring of weed levels in the lakes.

Continue monitoring for invasive plants that could invading the lakes (eg Starry Stonewort, Mussels)

Continue monitoring feedlot runoff.

Continue monitoring of Limestone filter

Other
