Old business

Follow up questions from Annual meeting

2 different home owners said they were interested in water runoff gardens/ponds on their property. We will let Limnopro know to potentially add this to future project list

Confirmed that our current liability insurance policy covers aeration if we need to aerate this winter.

No update from Limnopro on nutrient testing

New business

It was brought to the board's attention that there was a home owner with a failing septic system. A concerned neighbor contacted the county. UPDATE: confirmed that the failing septic system has been repaired.

Discussed the condition of Muskrat and Lily Bay and the amount of coontail weeds. The rest of the lakes are pretty good and relatively weed free. Greg will contact Limnopro to spray Muskrat and Lily bays.

Table the agenda item to decide 2022-2023 board roles (Chair, Vice Chair, Treasurer, Secretary) until September
